

THE DAILY GAZETTE.

VOLUME XLIII.

JANESVILLE, WISCONSIN, SATURDAY, AUGUST 5, 1899.

NUMBER 122

COL. JACK HAYES TO TAKE COMMAND

Left Today For Scene of Hostilities.

ONE OF THE MOST NOTED MEN IN U. S. ARMY.

The Man of Indian Fighting Fame Says: "I Think When the Cavalry Gets After Aguinaldo, the Rebels Will Not Last Long" Also That We Ought to Have Had More Mounted Troops There From the Start—Secretary of War Root Thinks Otis Has Not Enough Troops.

Washington, Aug. 5.—[Special]—Colonel Jack Hayes, of Indian fighting fame, and one of the most noted men in the United States army, said today: "I think when the cavalry gets after Aguinaldo, the rebels will not last long. We ought to have had more mounted troops there from the start."

Hayes left today for Manila, where he will take the cavalry command.

Rebel Capture. U. S. Steamer.

London, Aug. 5.—[Special]—Lloyd's agent at Manila cables that the insurgent at San Fernando have captured and burned the United States steamer Saturnus.

The captain of the Saturnus at once obtained possession of a ship belonging to his line, which was held at San Fernando by the insurgents, by mooring the Saturnus alongside and towing the other vessel away in the night.

Washington, Aug. 5.—Secretary Root's short experience in the war department has already convinced him that the views of the military commanders subordinate to Gen. Otis favoring a larger military force than recommended by that officer are worthy of serious consideration. There are reasons to believe he will recommend that the force be further augmented.

Secretary Root and Gen. Corbin will, at the request of the president, visit Lake Champlain on Aug. 12, to remain several days. During this conference the whole Philippine situation will be gone into thoroughly.

Secretary Root is in accord with the program already inaugurated for increasing the force in the Philippines and with the general plan outlined by Gen. Otis for the fall campaign, which has been approved by the president. But the secretary, since he assumed control of the war department, has seen many communications favoring a larger force, and if there is not a decided improvement in the situation it is understood that he will advocate sending several additional regiments of the regular army in time for the autumn operations. He favors an effective fighting force of about 50,000 men.

With the provisional army of 15,000 already organizing, the 30,000 regulars already in the Philippines, the three volunteer regiments organizing there, and the noncombatants of the signal and hospital corps, a total of about 50,000 has already been provided, but Secretary Root would like to see this number still further increased by several additional regiments of the regular army. There seems to be no intention to call for any more volunteers.

The plan of operation for the fall campaign contemplates a division of the island into several military departments, and Lawton will have command of the one in which the cavalry troops will operate. It is probable that Gen. Wheeler will be given command of a brigade of cavalry in Gen. Lawton's military department. The boundary line of this department will embrace the territory in which there will probably be the heaviest fighting, so that nominally Gen. Lawton will be in direct charge of the most important forces in the field.

In this way Gen. Otis will be relieved of much of the responsibility in connection with the conduct of the war and will be left free to perform the duties of a military governor.

MILES SLATED FOR THE COMMAND. Special from Washington tells of impending changes.

Chicago, Aug. 5.—The Tribune publishes the following from a special correspondent:

"Washington, Aug. 5.—Stupendous efforts will be made to bring the war in the Philippines to an end before congress assembles, and plans for the accomplishment of this are now being made. Seventy thousand troops will be ready to take the field at the end of the rainy season, for it is the president's intention to crush the rebellion within thirty days, if possible, after the campaign is begun. The entire provisional army of 35,000 men will be enlisted and all the troops which can be spared will be sent to the Philippines.

"Gen. Miles will probably be sent to the Philippines to personally conduct the campaign. Secretary Root asked the commanding general if he wished to go to the Philippines and received an affirmative answer.

"If Gen. Miles goes to the Philippines he will be in supreme command, and

Gen. Otis will probably come home. But Otis may be allowed to remain, as it was the original intention of the president that Otis should perform the duties of military governor, and the field operations were to be intrusted to Gen. Merritt. With the commanding general in command all jealousies would disappear, and men like Lawton, Wheeler, Wheaton and MacArthur would be given an opportunity to take the field and soon end the rebellion."

Slate Pencils Trade.

Slate pencils are made in Tennessee from slate dust and other ingredients compressed by hydraulic means. One concern made 25,000,000 in a year.

ABDICTION OF THE CZAR OF RUSSIA

LONDON TIMES STORY THE SUBJECT OF COMMENT.

Speculate as to How Such an Act Would Afflict the Franco-Russian Relations—Story is Not Given Much Credence Though It is Connected With Another.

Paris, Aug. 5.—[Special]—The report of the impending abdication of the czar, as printed in the London Times today, is the subject of much comment, especially with regard as to how such an act would affect the Franco-Russian relations.

The story is not given much credence, but many connect it with a dispatch printed here recently, saying that the czar was suffering from melancholia over the fact that he had no heir and also over the disappointing results of the peace conference.

Many believe there is a critical situation at St. Petersburg.

VOTE FREE TEXT BOOKS

District School Board Decided Matter at Beloit Last Night—145 to 101.

Beloit, Wis., August 5.—[Special]—The District School Board met last night to vote on free text books. The vote was 145 to 101 in favor of free books. The High school was excluded. It was rather a surprise to the board to have free books get the majority. This step will be taken by degrees. This question has been one agitated for several years.

LARGEST IN THE WORLD

Cold Storage Plant Costing \$1,000,000 to Be Located at St. Louis, Mo.

St. Louis, Aug. 5.—[Special]—The largest cold storage plant in the world will be located here by next spring and will cost a million dollars. It will be a national distributing point for perishable goods. Fruit growers as far west as California are urging its early completion.

FIVE PERSONS DROWN

Row Boat Capsized on the Patapsco River Near Baltimore This Morning.

Baltimore, Aug. 5.—[Special]—Five persons were drowned early this morning by the capsizing of a rowboat in the Patapsco river, near here. The dead are: William Lyman, Edward Gaoney, A. Deems, Edward Garry and Mrs. Hoover.

GEN. TORAL RELEASED

He and Other Officers Connected With the Surrender of Santiago, Acquitted.

Madrid, Aug. 5.—[Special]—The supreme council of war has decided to acquit Gen. Toral and the other officers connected with the surrender of Santiago.

VISIT THE PRESIDENT

Hobart and Family At Hotel Champlain This Morning—Looks Pale and Weak.

Hotel Champlain, Aug. 5.—[Special]—Vice-President Hobart and family arrived here this morning. Hobart looked pale and weak. President McKinley met him at the station.

WILL VISIT SCOTLAND

While There Ambassador Choate is to Be Entertained By Andrew Carnegie.

London, Aug. 5.—[Special]—Ambassador Choate goes to Scotland next week, and while in the north will pay a visit to Andrew Carnegie.

Berkeley Declared Insane.

Baraboo, Wis., Aug. 5.—James Horlak, formerly of Rutherford, who recently shot and seriously wounded Miss Catherine Currans, of Minneapolis, was brought here, adjudged insane by a jury and will be taken to the Mendota asylum.

"Gen. Miles will probably be sent to the Philippines to personally conduct the campaign. Secretary Root asked the commanding general if he wished to go to the Philippines and received an affirmative answer.

"If Gen. Miles goes to the Philippines he will be in supreme command, and

STRANGE DISEASE AT ASHLAND, WIS.

SAID TO BE CONTRACTED FROM FOREIGN HIDES.

Italian Laborer in a Tannery Afflicted—Mrs. Wilhelmina, Now in Waupun, Applies For a Pardon—Strike on Chippewa Valley Electric Railway Line.

Ashland, Wis., Aug. 5.—An Italian laborer at the Shaw tannery in Menomonie was brought here yesterday suffering from an unusual malady, from which the doctors say there is no hope of recovery. His disease is a common one in Asiatic countries, but rarely occurs here. At the Shaw tannery hides imported direct from China are being used, and the disease was contracted in handling them. In Europe and Asia it is called "wool storers" disease and is prevalent among men handling cattle.

It is a microscopic germ that enters the skin and continues through the whole system. The poison itself is called "anthrax," and is confined in its earlier stages of development to the cuticle. It is of burning nature. This is the sixth case that has been brought here, the disease being contracted in each instance from handling these foreign hides.

APPLICATION FOR A PARDON.

Shawano, Wis., Aug. 5.—Application has been made to Governor Scofield for the pardon of Mrs. Wilhelmina Baehr, now serving a sentence in Waupun. Mrs. Baehr was arrested in April, 1891, charged with poisoning the father of her husband, Alexander Baehr, then living in the town of Cecil in Shawano county. At that time she could not understand or speak English, having only arrived in this country from Germany a year or two previously. She had been married to Alexander Baehr for nearly two years at the time the crime is alleged to have been committed. Michael Seli, whom she is alleged to have poisoned, died a year before her arrest. It is claimed that facts have developed which create the impression that she did not cause Seli's death.

GOOD ROADS CONVENTION.

Manitowoc, Wis., Aug. 5.—Miss Bella O. Harber, secretary of the State and Interstate Good Roads and Public Improvement association of St. Louis, was here yesterday afternoon and held a conference with several business men. Preliminary preparations were arranged whereby Manitowoc will hold a Good Roads convention some time in October, the business men guaranteeing the necessary amount of money to make it a success. A small section of model road will be constructed similar to that built by Menomonie business men. President Moore, of the Good Roads society, is expected here next week to address a meeting of taxpayers.

DROPPED DEAD IN HIS STORE.

La Crosse, Wis., Aug. 5.—Dr. W. S. Cargen, of the drug firm of Cargen & Young, dropped dead of heart disease in his place of business yesterday. He was at the moment compounding a prescription for a stranger who was afflicted with the disease. Dr. Cargen was 45 years old and had been a resident of the city only about a year.

EVERY CAR LAID UP.

Chippewa Falls, Wis., Aug. 5.—Every car on the Chippewa Valley Electric road and its connections at Eau Claire and Chippewa Falls was laid up at midnight, a general strike having been started. Every conductor and motor-man is out. General Manager Applebyard has refused to grant the demand of the men for \$1.75 a day and pay for the time they are idle by reason of failure of power. Applebyard would only consent to a 10 per cent increase. The present wages are \$1.35.

UNKNOWN INSANE WOMAN.

Green Bay, Wis., Aug. 5.—Under Sheriff Salter, accompanied by Justice Noyes, went to the town of Humboldt Wednesday, to take charge of an apparently demented woman, who is unknown to any of the residents of the town. She was found at a farm house, where she had taken quarters, with the intention of remaining all night. The officers left her at the county asylum. She is unable to give her name or any particulars concerning herself.

WISCONSIN PENSIONS GRANTED.

Washington, D. C., August 5.—Original—Patrick Gurty, National home, Milwaukee, \$6; John Kilan, Theresa, \$8; John Kohl, Milwaukee, \$12; Beverly M. Woodruff, Oconomowoc, \$8; William J. Motz, National home, Milwaukee, \$6. Increase—George B. Waters, Whitefish, \$14 to \$17; Frederick Flieh, Erb, \$6 to \$8. Reissue—Charles S. O. Christianson, Ogdensburg, \$14. War with Spain (widows, etc.) Elnor Taft, Monticello, \$12; Leah A. Munro, Marinette, \$12.

ANTS DESTROYING LAWNS.

Green Bay, Wis., Aug. 5.—Ants in myriad numbers are destroying lawns in Green Bay and vicinity. They start in a central point near the edge of the lawn and from this starting point they take up a march of slow but sure progress through the lawn, leaving in their wake wide paths of dead and ruined grass. The large lawn about the county building and courthouse is one of the latest to be attacked.

BERLIN COACHMEN.

Among the coachmen of Berlin are seven retired army officers, three passers and sixteen nobles.

EARLY VISITORS ARRIVE LAST NIGHT

HERE TO ATTEND PHARMACEUTICAL ASSOCIATION MEET.

Pharmacist and Mrs. Charles A. Wakeman, of Oshkosh, Pleasantly Quartered at the Myers House—Arrangements For the Gathering Practically Completed—Program For Tuesday

Although three days in advance of the nineteenth annual meeting of the Wisconsin Pharmaceutical Association, Pharmacist and Mrs. Charles A. Wakeman, of Oshkosh, arrived in the city last evening and are pleasantly quartered at the Myers House. Mr. Wakeman is one of the prominent members of the association and a leading pharmacist of the Sawdust City. The object of Mr. Wakeman's early arrival is a sensible one. It is to enjoy the three days previous to the gathering in an outing in order to rest up, that he may enjoy the four gala days to the fullest extent.

All arrangements for the coming event are practically completed and everything possible will be done to make the sojourn of the many visitors one of comfort, delight and intellectual development. It is plain to be seen that the undertaking will not fall short of a success.

Secretary Heimstreet is in receipt of four hundred aluminum combs, which will be given out as souvenirs, also one hundred and fifty sample bottles of perfumes, which will be distributed among the fair sex.

The impression seems to prevail that the prizes to be awarded during the coming meet are to be contributed by the business men of Janesville. This is not the case. The druggists bear all the expense, which will foot up quite a handsome sum. The only expense the local druggists ask of the citizens is that connected with the decoration of their places of business. It is requested that each and all should grant cheerfully.

The program of the four days' events is quite lengthy. The events scheduled for the first day are as follows:

PROGRAM FOR TUESDAY.

10:00 A. M.—Election of members.

Report of delegates.

Report of committees on queries and papers.

Report of permanent secretary.

Report of treasurer.

General business.

2:00 P. M.—Election of members.

Address of welcome, Hon. Victor P. Richardson, mayor.

Annual report, President R. M. Dadd.

Paper No. 1—Miss M. M. James, W. P. Clarke.

Report of committee on legislation.

Report of committee on national legislation.

Paper by R. Sauerhering.

General business.

4:00 to 7:00 P. M.—Drives and viewing of the city.

At 7:30 p. m. travelers' procession will form at the Grand Hotel in heavy marching order, drums and fifes, led by the Travelers' Double Brass Band, E. A. Oates in charge, march to Odd Fellows' hall, where the following program will be given:

Overture by full orchestra.

Address—W. A. Salada, president W. P. M. A., Fond du Lac.

Song—Charles F. Yates, Janesville.

Speech—Fred Mitchell, Milwaukee; illustrating the virtues of Wisconsin druggists and traveling men, illustrated with local sites.

Recitation—Miss May R. Beech, Fort Atkinson.

Tableau—"Babes in the Woods." L. E. Randall, Chicago, and Unknown from West Superior.

Fancy Cake Walk—By the Le Feber children.

Norwegian Speech—L. A. Lange, Milwaukee.

Song—Mrs. Charles Gollis, Fond du Lac.

The New Hair Roster—Practical illustration by three well known traveling men (Viola results).

Chorus—The New Drug Version of Ta Ra Ra Boom do Ay, entire company.

Speech for Prize.

The traveling man, having the best record for honesty the past year, one carter Beaman's Popsin chewing gum, 100 packages. Each one will be given three minutes to state his own case as to his dealings with his customers, and the ladies will then decide by vote. Result will be announced Thursday evening. Competition open to all traveling men of

Wisconsin.

Part II—An original program will be given, in which some thirty of the most talented traveling men of Wisconsin will take part. Bouquets and diamonds must be labeled before given to the ushers. This entertainment is for druggists, traveling men and their families only, and is tendered by the W. P. T. A.

FRONTIER TIRE CO.

Quebec Was

PAVEMENT WAS USED TWENTY-FOUR YEARS

NOT ONE BRICK WAS FOUND TO BE CRUMBLED.

This Was the Experience of the City of Bloomington, Ill., Where This Material Is Now Used Exclusively—Beloit Likes It Well—Results at Frankfort, Ind.

Brick pavement gets new endorsement as the best and cheapest every day.

At Bloomington, Ill., brick pavement is used almost exclusively. A short time ago a pavement that had been down twenty-four years was taken up to see what the condition of the material was. Not one brick was found to be crumbled, yet the pavement had been used, in the heart of the city, for a QUARTER OF A CENTURY. This statement was made to W. E. Clinton, of this city by Press Butler, who has been city engineer of Bloomington for fifteen years. Bloomington was Mr. Clinton's former home, and Mr. Butler is Mr. Clinton's cousin. There were two courses of brick—one flat and one on edge laid on a sub-tarrial foundation. Macadam streets are being done away with at Bloomington, and replaced with brick.

Beloit has found brick in every way satisfactory. When the streets were fixed complaints were made and suits begun. This dissatisfaction is gone now that the work has been done and the results made apparent, and Beloit will continue to use brick. Lee Bort is authority for these statements.

F. S. Winslow was in Frankfort, Indiana, a short time ago, and noted the fine brick pavement in that town. It looked like brand new, but had been down five years—on a business street too. Mr. Winslow was so favorably impressed with the pavement that he wrote the city clerk to find out about it. The clerk replied that the foundation was made of a concrete composed of crushed stone and cement mixed eight inches thick. Then a cushion of sand was put in, and on this the brick was laid. The whole was then flushed with cement.

In this connection it is perhaps well to state that it is not proposed to use common brick on Milwaukee street, but the vitrified paving brick. Samples of this brick may be seen in the pavement at the East Side engine house, at the alley in the rear of the Hayner block, and at the entrance of the postoffice alley.

THE TWENTIETH ANNIVERSARY

Reunion of the Class of '79 of the Jamesville High School.

The twentieth anniversary of the class of '79 of the Jamesville High school was pleasantly remembered by a reunion at the home of Mr. and Mrs. Walter Helme last evening. Mrs. Carrie Swan, of Mason City, Iowa; Miss Lillie Godden, drawing teacher with D. C. Heath & Co., and Miss Matilda Baiely, of the Madison schools, being guests of honor. A porch tea was served and flash light pictures served as souvenirs of the pleasant event. Seven of the original thirteen members were present.

THE BUSINESS DIRECTORY

THERE are a number of hotels in the city, but only one Riverside Hotel. Every accommodation. Prices reasonable.

For plants, cut flowers, decorations, wedding and funeral work, sheaves of wheat call at Rentschler Bros., 214 South Main St. Tel. 171, both lines.

Rurales Will Fight Indians.

Austin, Texas, Aug. 5.—A dispatch was received from Durango, Mexico, stating that the rurales are to have a prominent hand in the conquering or exterminating of the rebellious Yaqui Indians. The Eighth rurales, which has been ordered to the front, is one of the crack regiments. Every man in it is a natural-born mountain fighter and inured to rough campaigns.

Will Not Negotiate.

Madrid, Aug. 5.—In an interview regarding the Spanish prisoners held by the Filipinos, Prime Minister Silvela declared that Aguinaldo refuses to carry on any negotiations respecting them unless Spain recognizes the independence of the Philippines.

Jones Goes to Continent.

London, Aug. 5.—United States Senator James K. Jones of Arkansas is still in ill health and is going to the continent upon the advice of a specialist in heart affections.

MASTIC CLOTH WALKING COSTUME FROM HARPER'S BAZAAR

A late gown of mastic cloth is made low guipure. The high collar is with a plain shantung skirt and slashed made upon similar foundation, the plenum, ornamented only by rows of close stitching, this done in unbleached shape being preserved by thin white silk-covered wire, which also outlines thread. The bodice is a tight-fitting Eton, seamed in the back and worn over a deep belt of pale brown taffeta. The front of the Eton is fitted to the figure in fitting closely to the arm, with only one deep dart, and closed down the centre of the front by two rows of brown silk-covered buttons. The wide reverses are of mastic cloth of so pale a shade as to be hardly distinguishable from white. These are stitched with rows of silk, the elbow, the edges being finished by rows of stitching that serve to stay the buttons and button-holes that secure the sleeve from this point to the cuff.

LETTER FROM MRS. HARDY

Former Jamesville Woman Writes From Her Tennessee Home.

In a letter to Mrs. E. O. Kimberley, from Mrs. E. M. Hardy, the writer says: "Estes received the children of the American Revolution Badge, together with a pretty letter from Mrs. Barlass, which she has acknowledged, but for fear her letter was miscarried, will you thank the Jamesville Chapter D. A. R. for their sweet remembrance to her, and assure them of our deep appreciation of their kindness, for it will ever be cherished as a token of their friendship for her. It came just before her eighth birthday, and she is proud to call it one of her presents, wearing it whenever she goes out, and it is greatly admired."

BASEBALL REPORT.

Games Played Yesterday in the Two Leading Leagues.

Chicago played a dashing game of ball yesterday and had Tebeau's team thoroughly outplayed. The three leaders—Brooklyn, Boston and Philadelphia—all won yesterday by one run. The Orphans will play two games this afternoon with the Cleveland club, the time for the first game being 3 o'clock. The scores:

At Chicago—

Chicago.....0 2 0 2 0 3 1 0 *—8

St. Louis.....1 0 0 0 2 0 0 0 —3

At Philadelphia—

Gold Production Last Year.

Washington, Aug. 5.—The director of the mint has nearly completed his estimate of the world's gold production for 1898. The data at hand seem to warrant the conclusion that the production will amount to at least \$294,000,000 or \$295,000,000. Africa leads all other countries with \$80,300,000, Australia being second with \$67,500,000 and the United States third with \$64,462,000. Of the \$14,000,000 credited to Canada in 1898, about \$10,000,000 came out of the Klondike.

Hammock Reductions

To close out the remainder of our stock of hammocks we will make a reduction of 50¢ on each one. Those that have sold at \$2.00 will now go at \$1.50 and so on through the list. The remaining stock is very complete, the handsomest line in the city. Sauborn,

INSTALLATION OF OFFICERS

Good Templars Install—Social Planned—Visitors Present.

At the meeting of People's Lodge No. 460, Independent Order Good Templars held last night, the following officers were installed for the ensuing term, Lodge Deputy Hattie Ward acting as installing officer:

Chief Templar—Charles Ward.
Vice Templar—Charles Canniff.
Past Chief Templar—J. A. Canniff.
Secretary—F. O. Humphrey.
Assistant Secretary—Mrs. Charles Fenny.

Financial Secretary—Jessie Burgess.
Treasurer—D. W. Pound.
Marshal—Edson Baker.

Deputy Marshal—Bertha Voigt.
Chaplain—Helen Meissner.
Guard—Lottie Risdon.

Representative to Grand Lodge—J. A. Canniff.

Hattie Ward was re-elected lodge deputy. Roy Wilson was initiated. One week from next Tuesday night, August 15th, an ice cream social will be held at the home of Miss Hattie Ward, 357 St. Mary's avenue.

Among the visitors present last evening were Miss Mata Humphrey, James Stockman and Mr. Hanson, of Milton Junction.

Indiana Anxious for Diaz.

Indianapolis, Aug. 5.—Gov. Mount has addressed a letter on behalf of the state to the committee having charge of the arrangements for the entertainment of President Diaz of Mexico while he is in Chicago on Oct. 9. The letter incloses a communication addressed by the governor of Indiana to the president of Mexico, inviting him on behalf of the state to extend his visit to this city.

Confiscate Many Newspapers.

Vienna, Aug. 7.—The Official Gazette announces the confiscation by the police of Vienna of thirty-eight domestic and foreign newspapers deemed objectionable by the government because of their free discussion of what is popularly known as the "paragraph 14 regime"—the crown exercising the functions of parliament during the reign of the reichsrath.

DRINK GRAIN-O

After you have concluded that you ought not to drink beer, because it is bad for you, doctors order it, because it is healthful, invigorating, and appetizing. It is made from pure grain, and has that rich, great brown color and taste, like the finest grades of coffee and tea, about as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink, 15 and 25c.

MAY FORM ECONOMIC LEAGUE AT BELOIT

THE PLAN IS THE EDUCATION OF THE MASSES.

Systematic Printed Lessons of Instruction Furnished in Twelve Monthly Numbers For Home Study—Under the Auspices of the University Association of Chicago.

A movement has been started in Beloit for the organization of a center of the Economic League, under the auspices of the University Association of Chicago. It will be university extension work on the practical and vital questions of the day, conducted upon new and improved methods. Quite a number of the citizens there have become interested in the movement, and there is every promise of a large membership and a profitable year's work.

The Beloit Daily Free Press has the following to say of the movement which has recently been launched there:

Objects of the Course

"The study of political economy, political science and sociology until quite recently has been considered more of a matter for the college class room, than one to engage the attention of the mechanic, the clerk, the day laborer, or that the laws and the principles involved in the science of economics and sociology underlying as they do the whole of our industrial institutions, have the most direct and practical interest for every man and woman in the country. A knowledge of the fundamental principles of the social sciences if necessary to a proper understanding of our present industrial and social conditions, and a proper correction of any evils that may exist. 'Knowledge must precede intelligent action,' and it is to give every person an opportunity to gain such knowledge as shall enable him to act wisely for his own interests and those of the community that the Economic League is organized."

Plan for the Work

"A course of systematic instruction is prepared by eminent specialists, both of this country and Europe, and is under the personal direction of Wisconsin's distinguished economist, Prof. Richard T. Ely, Ph. D., L. L. D., director of the School of Economics in our State University. The instruction is in the form of printed lectures, furnished to each member in a syllabi of twelve monthly numbers, each number containing twenty-four lessons, and each lesson constituting the reading to be done daily. These lessons are intended for busy, practical people and hence will be given in the plainest, simplest language possible. The daily lessons cover from two to three pages and can be read in from twenty to thirty minutes. The classes will meet weekly or fortnightly, and under efficient leadership review and discuss the lessons read, thus reaping the benefit that comes from mutual study and investigation. There will also be a series of lectures on important questions, one to be given each month. The course of home readings, the meetings for review, the series of lectures, etc., give an opportunity for comprehensive knowledge that could be gained in no other way, save by attendance directly at some good college or university.

"Waste Not,

Want Not."

Little leaks bring to want, and little impurities of the blood, if not attended to, bring a "Want" of health. Hood's Sarsaparilla is the one and only specific that will remove all blood humors and impurities, thereby putting you into a condition of perfect health.

Bad Stomach—"Headaches and tired feelings, bad condition of stomach, caused me to take Hood's Sarsaparilla. It stopped all faint trouble." Charles Boyer, Glens Falls, N. Y.

Hood's Sarsaparilla

Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

build the house around the bath room.

SO SOME PEOPLE say. The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

That Double System of Plumbing....

we are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and laundry purposes and with the turning of a valve you can run city water through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

CELEBRATE GOLDEN WEDDING

Hon. and Mrs. Lloyd T. Pullen of Evansville the Happy Couple

Evansville, Aug. 5.—[Special]—Hon. and Mrs. Lloyd T. Pullen celebrate their golden wedding anniversary at their beautiful home, 226 West Main street, in this city today from 8 to 11 p. m. About three hundred guests are in attendance and a most enjoyable time is being had by all.

The house is beautifully decorated with flowers and palms, the prevailing color being yellow. A bountiful repast was served in the dining room.

Mr. and Mrs. Pullen were married in Maine, Aug. 5, 1849. Mrs. Pullen's maiden name was Catherine B. Pike. They came to Wisconsin in 1854 and settled in Argyle, Lafayette county, where Mr. Pullen was engaged in the mercantile business. They remained there until 1867, when they came to Evansville. In 1870, the First National bank of Evansville, was organized, and Mr. Pullen was elected president, which position he still holds. In 1875 he was elected to represent this district in the state legislature.

Mr. and Mrs. Pullen have three children: Charles F. P. Pullen, cashier of the German American bank, of Milwaukee; Geo. L. Pullen, cashier of the Evansville bank, and Mrs. Wm. Antes, of Des Moines, Ia., all of whom, with their families, helped to celebrate the golden anniversary. Many relatives and friends from various cities in the state were in attendance.

To Present and Prospective Teachers:

Our Summer Institute will open at Janesville, Aug. 7th. Are you planning to attend? If not, why not?

All common branches will be taught by up-to-date conductors. Only modern methods will be allowed. It will be a normal school at home.

No tuition will be charged. Allowance will be made at the fall examinations for perfect attendance at the institute. Thoroughly fitted teachers will be assisted to positions in preference to others.

Dr. Stearns will give a free lecture on the evening of Aug. 9th. "Come and we will do thee good," Yours truly,

Wm. M. Ross,
County Superintendent.

Builds up muscular flesh, healthy tissue. Rich, red blood, clears the stomach, kidneys, and liver. That's what Rocky Mountain Tea will do. Smith's Pharmacy, Kodak agents.

Senator Beveridge in Good Health. La Porte, Ind., Aug. 5.—W. H. Whitaker, clerk at the prison north, has received a letter from Senator Beveridge, written on board steamer off Nagasaki. Mr. Beveridge said he had traveled 2,000 miles by steamer and 400 miles on horseback on the Island of Luzon, and that his health was excellent.

Wm. M. Ross,
County Superintendent.

Port au Prince, Hayti, Aug. 5.—The affair of the recent violation of the American legation here by armed police who were seeking to arrest M. Du Vivier, the newspaper man, has not been definitely settled. It is understood the American minister, William F. Powell, will demand full reparation for the outrage.

Troops to Go to Boundary.

Washington, Aug. 5.—A report has been received at the war department from Major Ray, commanding the northern military district of Alaska. He arrived at St. Michael's July 8 with his command in good health. He intends to send troops to Fort Egbert, the station on the boundary line near the Yukon, in a few days.

Aluminum Trust the Latest.

Cincinnati, Ohio, Aug. 5.—The Star Aluminum company of this city is announced to have gone into a combine with the five other concerns of the country manufacturing aluminum combs. The new combine will be incorporated under the laws of New Jersey.

Grant by Korea to Germans.

Berlin, Aug. 5.—A dispatch to the National Zeitung from Korea says the government of that country has granted a concession to a German syndicate to build railroad from Seoul, the capital, to Gensan, on Broughton bay, on the west coast of Korea.

Storm Levels Corn in Indiana.

Anderson, Ind., Aug. 5.—The most terrific storm in years swept over this county Friday afternoon. It was a deluge attended by heavy wind, which leveled thousands of acres of corn, a great deal of which will be a complete loss.

May Tax Railroad Stock.

Springfield, Ill., Aug. 5.—An opinion was handed out from the attorney-general's office Friday holding that stocks and bonds of the Illinois Central railroad held by individuals are liable to taxation.

MENU FOR MONDAY.

When we lose the one we love, let us learn to love more One we cannot lose—And—

BREAKFAST.

Minc'd Lamb on Toast.
German Fried Potatoes. Water Cress Salad.
French Dressing.
Coffee.
Nice Cakes.

LUNCHEON.

Chicken Croquettes.
Cauliflower with Cheese.
Lemonade.

DINN'R.

Baked Tomato. Bread Crumbs.
Cream Cheese. Tomato and Lettuce Salad.
Melons.

RASPBERRY VINEGAR.

Fill the jar with ripe fruit and cover it with white wine vinegar. Boil the fruit and add sugar for ten days with a wooden spoon. Add one pound of loaf sugar. Boil this slowly, skin it, and when cold bottle and seal all the corks. This is a delicious drink for invalids.

W. G. KING, Attorney.

Manager

To get the best results you must use the best materials.

You need expect only poor laundering with poor soap, but you will find dainty articles that have been washed with Ivory Soap restored to their original freshness with unchanged colors.

Nothing that will stand the application of plain water will be injured by Ivory Soap.

IVORY SOAP IS 99 1/2 PER CENT. PURE.

Endeavor Society Asks Space.

New York, Aug. 5.—Ferdinand W. Peck, commissioner-general to the Paris exposition, has been requested to give the Christian Endeavor society space for a building for its own.

In the building will be shown Christian Endeavor literature, photographs of conventions and Endeavor souvenirs of all sorts.

The chief feature of the building will be an auditorium, where will be held an "echo" of the London convention of 1890.

Bicycle Records Are Broken.

Philadelphia, Pa., Aug. 5.—At the Woodside park track here Friday Burns Pierce of Boston broke the bicycle records for two, three, four and five miles. He was placed by a motor.

The time on the first mile was 1:34.

He won the second in 3:09; previous record, 3:10.

Third mile, 4:16; previous record, 5:00.

Fourth mile, 6:28; previous record, 6:23.

Fifth mile, 8:02 2-3; previous record, 8:15.

Central Illinois Assembly.

Moneequa, Ill., Aug. 5.—The ninth annual session of the Lithia Springs Chautauqua, which will be held on the grounds southeast of this city Aug. 10 to 27, inclusive, promises to surpass all previous assemblies. The seating capacity of the auditorium has been enlarged to 5,000, and the number of tents has been increased. Large delegations are expected from several of the big cities.

"Harmless ORANGEINE."

THE PLANKINTON HOUSE MILWAUKEE.

The improvements in the Plankinton house are now complete. We have now the most complete, comfortable and homelike hotel in the state. On the American plan our rates are \$2.50 per day and upward, and on the European plan \$1 per day and upward. The cafe which we have added to meet the new requirements is open from 6 a. m. to midnight on every day of the year. It has an independent entrance, including a first-class chef. By a special arrangement we will spread a special cloth with a fixed menu for four or more people at any hour. There is a separate room in the cafe for ladies. We have also established a lunch room on the West Water street side, which is open from 6 a. m. to 7:30 p. m., where meals

THIS DAY IN HISTORY.

882—Louis III of France died.

1777—Battle of Oriskany.

1799—Lord Howe, commander of British troops in America, died in London; born there 1725.

1862—General Thomas Williams was killed in the battle of Baton Rouge while leading a charge; born in New York 1815.

1864—Farragut's battle in Mobile bay; the Union monitor "Tecumseh" struck a sunken Confederate torpedo, and all on board were drowned.

1870—Charles Fether, noted tragedian and manager, died in New York city; born 1828.

1888—Philip Henry Sheridan, general of the army of the United States, died at Nonquit, Mass.; born 1831.

1893—Edwin Lassater Byner, American historian and novelist, died in Boston; born in Brooklyn 1842.

1895—Charles Hubbs Foster, American actor and playwright, died in New York city; born 1885.

DEMOCRATIC LAWYERS FOR FREE TRADE.

Milwaukee Wisconsin—The name of John Toohey is the first of those tripartitely signed to the Wisconsin Bryan democratic address, and that address contains the following declaration:

"The democratic party of this country stands today where it always did, in favor of a tariff for revenue only."

The democratic party stands where it always stood in opposition to the protective tariff. Not so John Toohey. There was a time when John Toohey was a workingman. In those days he made eloquent speeches in favor of the protective tariff, and called upon his fellow workingmen to go to the polls and vote with him in favor of the republican candidate who were pledged to support the only fiscal system under which American industries have flourished—the only system under which American workingmen have been sure of employment at good wages. That was when John Toohey was a workingman himself. Even when he was a student at the university, John Toohey won a debate in which he advocated the republican protective tariff system and opposed the democratic policy of tariff-for-revenue-only, otherwise free trade. But now John Toohey, no longer a workingman, is a lawyer. In justice to Mr. Toohey, it may be said that it was not he who wrote the tariff paragraph in the democratic address. It was written by another lawyer, T. E. Ryan. Toohey knows better than Ryan what is the best policy for American workingmen, and no doubt he objected to the insertion of the Ryan paragraph attacking the tariff and favoring free trade. But W. H. Rogers, still another democratic lawyer, was on the committee charged with the preparation of the address, and he sided with Ryan against Toohey. Thereupon Toohey adopted the anti-tariff sentiment of Mr. Ryan's paragraph by attaching his signature to the address. Toohey as a workingman was in favor of the protective tariff, because he knew it to be a good thing for workingmen. Toohey as a lawyer and democratic leader is willing to sacrifice the protective tariff—and the interests of American manufacturers and American working people. He was probably not eager to go so far as this, but in signing the democratic address he has shown that with his party he would go thus far. It is a proverb that the Wilson free-trade democratic tariff made business bad for everybody in the United States but the sheriffs and the lawyers. Another democratic tariff-for-revenue-only would do the same thing. While not a sheriff, Mr. Toohey has reached a position where he is willing to take the risk.

The St. Louis Globe Democrat says the great bethed of weeds in a community is the roadside. The number of weeds grown along the roads, and which are permitted to scatter their seeds far and wide, is enormous. The duty of destroying these weeds seems to be that of the farmer, but he will not work on the outside of his fence as long as he is busy on the other side, and he therefore spends more time in destroying weeds on his farm during the growing season than would be necessary if he kept down the weeds along the road. But such work will be useless unless all farmers are interested, as a single thrifty individual may undo the efforts of many. It is a fit subject for discussion in farmers' meetings, and state laws should make roadside weed-killing compulsory.

A Barroon county farmer has broken all records in the matter of ways of committing suicide. He dug a hole in the ground, planted a whole stick of dynamite, lay down upon it and touched off, saying "here I go." He went, and a wife and four children are now compelled to shift for themselves.

We stop the press to announce that The Gazette's suggestion of "Bryan and Babbitt" as a democratic national ticket has been recognized. The Milwaukee News, free silver, republishes the paragraph. Let the good work go on.

The candy makers' convention at Buffalo resolved to ask the government to

make pennies of aluminum instead of copper, saying that the copper cents were carriers of disease. It is quite likely that impure candy is the cause of more disease than the pennies, however, so perhaps no change will be considered necessary.

STOP EXPERIMENTING

In another column "West Sider" makes an argument in favor of macadam on West Milwaukee street. We cannot agree with him. The fact that former pavements were failures in greater or lesser degree does not enter into the discussion for the reason that it is not proposed to use the material heretofore used. "West Sider" speaks of brick pavement as "an experiment." Brick paving is not an experiment, and miles upon miles of it built in the United States each year speak for themselves. Instead of being "an experiment," brick pavement is the highest type of modern street work—as hard as granite; not dangerously smooth like asphalt; and cheaper than either. It is coming into use more and more every year.

Of course, there are two sides to every question, but one side generally has the more merit. So in this case, Janesville people can see what macadam of local material is like, and The Gazette knows of no citizen of Janesville—except those having financial interest on Milwaukee street—who prefers macadam to a brick pavement. To put down macadam on West Milwaukee street with a top dressing of crushed gravel, as West Sider advises, would be to try "an experiment" that has not yet been tried. Brick pavement, on the other hand, is standard. Let us, as West Sider suggests by inference, quit experimenting. Let us drop macadam as well as obsolete paving methods, and fix our business streets with the best material. Vitrified paving brick, we believe, is the best material that can be secured. It costs more, to be sure, but when it is down we will have something that will last.

The sentiment of the people is for better highways. The money spent on streets in the past few years, as a general proposition, has been entirely wasted. Shall we continue on the old lines, or shall we change the system, and get results? Shall we go backward, forward, or remain stationary?

The sentiment in favor of better streets was in a large degree responsible for Mayor Richardson's nomination and election. Realizing this fact, the mayor and council are now attempting to inaugurate a "new deal." Opposition must be met and overcome every time any public improvement is made. The fact that an improvement is opposed, however, does not prove that it is wrong either in principle or practice. An honest difference of opinion will always exist on all questions. "Many men have many minds." The council must arbitrate these questions, and in so doing, consider the "greatest good to the greatest number."

The Gazette believes the council has acted wisely on deciding on a brick pavement, and hopes that it will not recede from that decision.

Chicago Journal—Mrs. H. N. Higinbotham's cat, for which a reward of \$40 was offered, has been returned. The French poodle of Mrs. P. B. Shaffner, for which \$500 is offered, is still at large. So is Dan Coughlin, for whom a similar reward is advertised by the county board.

The sea serpent is again in evidence at Madison. It will be noted that the serpent did not appear until after Bryan's visit, so it is supposed that it was awakened by the noise of the tramping of the host of Milwaukee democrats who visited Madison to launch the colonel's boom.

However, the minor embarrassment consequent to the Janesville bicycle meeting did not prevent "Major" Taylor from winning the world's record at Chicago. He rode mile in 1:22 2-5 reducing the record from 1:28.

Racine authorities are now buying school seats through the medium of the courts. The fair Belle City seems to have a "government by injunction" in the fullest sense of the word these days.

Acting, as Lincoln advised, "with malice toward none, with charity for all, with firmness in the right, as God gives us to see the right," let us put down a pavement, and a good one, too.

INTERPRETS MEDICAL LAW.

Attorney-General of Indiana Decides Against Faith Curists.

Indianapolis, Ind., Aug. 5.—Attorney-General Taylor, at the request of the state medical board, decided that it is a violation of the law for an unlicensed person assuming the title of a "doctor" to prescribe or pursue any practices for the cure or relief of diseases, injury or deformity, especially where any fee is charged for such service. He also holds that faith curists, mental healers and metaphysical mediators, who advertise themselves as physicians and accept fees for treating diseases by silent or other form of practice, by moral advice or by profound thought or by absolute non-action, unquestionably violate the law.

The Czar Would Abdicate.

London, Aug. 5.—M. de Blowitz, the Paris correspondent of the Times, says:

gives an extraordinary explanation of M. Delcas's present mission. He asserts that Emperor Nicholas is disappointed and tired of the throne. The absence of an heir excites his superstitious feelings, and he connects himself with a Russian legend, according to which an heirless czar is to be succeeded by a Czar Michael, predestined to occupy Constantinople. The death of the czarowitz and the failure of the conference at The Hague led him to decide to abdicate on the occasion of his coming visit to Darmstadt. On this becoming known in Paris, M. Delcas was sent in hot haste to dissuade him from carrying out this intention."

The Dangerous Celluloid Comb.

Hot-headed women, if there are such, should take warning of the accident that has just occurred at Bangor, Me. A young woman was sitting near an open fireplace, when suddenly her celluloid comb exploded, setting fire to her hair and nearly burning it off her head.

A Virginia Mother

says she used five bottles of Mother's Friend, beginning six months before confinement. She felt perfectly well up to a few hours before the baby was born, and was in labor less than two hours. She had no morning sickness, no headache, no distressing tightness, no swollen or rising breasts. Her baby was strong and the picture of health.

Mother's Friend is the only remedy known which relieves the expectant mothers. It is a liniment to be applied externally. Nothing but harm can come from taking medicine internally at such times. All internal preparations said to relieve commanding mothers are not only humbug, but positively dangerous.

Mother's Friend costs \$1 a bottle at druggists, or you can send to

Keep your eyes open

It will do you no harm to know what is going on. Don't be fooled by extensive advertising of dealers whom you know are short lived, and will be of short duration. The so-called wonderful Shoe bargains—wonderful in print—may not be so wonderful when you come to wear them. No exaggerations here. We have no old reputated plunder to palm off on the unsuspecting public. We advise you to patronize dealers whom you know are here to stay and whom you can fall back on if everything is not just as represented. Our efforts for Saturday will be greater than ever. It means much—it means more and greater Shoe bargains than ever before.

Saturday, Aug. 5th.

WE WILL SELL:

At \$1.25—Men's fine satins in calf Shoes, very soft stock, the new toe tip, all sizes—now being advertised as wonderful bargains by other dealers at \$2.00.

At \$1.50—Sample sale of Men's Fine Shoes, narrow toes, all high grade makes, sizes 6½ and 7—\$4 and \$5 Shoes.

At 98c—Ladies' genuine Dongola Shoes, all sizes, coin toe—called wonderful bargains by other dealers at \$1.50.

At \$1.50—Ladies' Fine Shoes, tan and black, pretty vesting tops and leather tops, all sizes, the new toes, flexible soles—these Shoes are being advertised extensively as bargains at \$2.00 by some dealers.

At \$2.50—Ladies' genuine hand turned Shoes, all sizes, the new toes—good values at \$3 and \$3.50.

We challenge competition to meet these prices. We are determined to undersell.

Advertiser of facts. Cor. W. Milwaukee and River Sts.

We Want The
Best; Don't You?

We want the best trade—YOURS. You want the finest groceries—OURS. Some people want one thing; some another. Some people, quality; others look to prices.

WATERTOWN'S WERE EASILY DEFEATED

"REVENGE IS SWEET" FOR THE Y. M. C. A. BOYS.

One Run Was All the Visitors Were Able to Get—Locals Play an Almost Errorless Game—Show More Pluck Than Judgment and Issue Challenge—Interesting Data.

When the local Y. M. C. A. team visited Watertown last Friday for the purpose of pitting their forces against the Sacred Heart college team of that place, they did so against terrible odds. The game had not progressed far before they realized and it was not conjectural that they were compelled to play the combined force of team and umpire. It was the case, however. They accepted the situation as cheerfully as they could under the circumstances and died game, the score being 11 to 6. Appreciating the fact that they had been robbed of the honors of the game, they naturally felt a tinge of revenge.

The opportunity came yesterday in the return game played at Athletic park, when the visitors were unmercifully defeated by a score of 9 to 1.

The Watertown boys began to realize that there was blood in the eyes of their antagonists, when the latter went to bat in the first inning. Every man found the ball with the exception of Allen, who struck out. At the end of the first inning the local team was credited with four runs and five hits. The next two innings were void of scores, but one was scored in both the fourth and fifth. In the sixth and seventh innings the score was not changed. In the eighth, the home team succeeded in scoring twice. In the ninth Sullivan succeeded in making the circuit.

Adkins pitched a phenomenal game, and succeeded in making two hits and scoring a like number of runs. The support of the men in the points was exceptionally good, and only one error was made throughout the entire game. Walters, of the visitors, made their lone score. Fortunately he was hit by a pitched ball and went to first, stole second, and a lucky hit brought him home rejoicing.

The following is the score:

Struck out—By Adkins, 14; by Walters, 3. Bozes on balls—By Adkins, 2; off Walters, 1. Hit by pitched ball—Walters. Two base hits—McMasters, Adkins, Rector. Stolen bases—Allen, Brown, 2, Fisher. Walters, Schultz. Umpire—McGinnley. Time—1:40.					

Interesting Base Ball Data.

Thus far during the base ball season the local Y. M. C. A. team has made a record to be proud of and one that is worthy of mention and one that should be appreciated by all when we consider the strength of many of the teams our boys have faced. Out of the twelve games played on the home grounds, including yesterday, eight have been won and four lost. They have made a total of ninety base hits and only fifty-four men have struck out. Eleven of the ninety hits were two base hits and two home runs. The visiting teams, including the two games with the Chicago Unions, only succeeded in making fifty-two safe hits off our home team, while four of them were home runs and only eight two base hits. One hundred and four in the visiting teams have struck out. This shows an average of eight safe hits to each game and not four men on an average have struck out. This is a record that will compare more than favorably with the amateur clubs of the state and one that should lend interest to future games. The team is composed of the best talent and the combination is strong one.

CHURCH SERVICES TOMORROW

Usual Morning Meetings and a Union Gathering In the Evening.

It is to be hoped that the Union service at the Baptist church will be largely attended tomorrow evening. The Rev. C. D. Merrill, who will speak, represents one of the most humane benevolences in our state, that of securing homes for homeless children. Possibly criminals are saved to lives of usefulness and purity, and homes that have not known the joys of responsibility have been transformed by the entrance of plastic young lives. Mr. Merrill is a man of sterling Christian manhood and is doing noble work.

O ENJOY TWO WEEKS' OUTING

Local Party Takes Possession of a Cottage at Burr's Springs

A party of well known local people took possession of a cottage and tents at Burr's Springs this afternoon for a two weeks' outing. They were as follows:

Messrs. and Mesdames—E. Bingham, Edwin Fifield, H. S. Sloan.

Mrs. Frances Green.

Miss—Lucie Hindman, Harriet Fifield, Sara Richardson.

Messrs.—E. Eveson, J. D. Rexford, F. L. Clemons.

MENU FOR SUNDAY.	
According to your own disposition, you judge the ways of others.—Pliny.	
BREAKFAST.	
Pineapple.	
Oatmeal, Cream.	
Fish Cakes.	
Bacon, Tomato Salad.	
Rolls, Coffee, Cress.	
DINNER.	
Cheese.	
Conserve Pineapple Soup.	
Roux, Cappon.	
Water Cress and Lettuce Salad.	
Stuffed Tomatoes, Green Corn.	
Rice Pudding, Raspberries.	
Black Coffee, Cheese, Biscuits.	
SUPPER.	
Cold Lamb, Mint Sauce.	
Summer Sandwiches.	
Iced Coffee, Cream.	
SUMMER SANDWICHES.—Cut bread rather thin, spread with mayonnaise and lay a slice of ham, parboiled tomato on the under side of bread, then another slice of bread and another piece of tomato, top with a little salad dressing. Cut off all the crust edges and round off the sandwich daintily before serving.	
LUNCH.—Make a thick sirup of one cup of sugar and half a cup of water; add the grated rind of half a lemon; strain when cool and stir in the juice of half dozen oranges. Place on the ice and dilute, an hour before serving, with water. Use three pints of water. Half fill the glasses with shaved ice, add a couple of sandwiches or a slice of pineapple to each glass and fill with the punch.	

LOCAL DENTISTS ARE UP IN ARMS

WAR ON INTERNATIONAL TOOTH CROWN CO.

Attempt is Being Made to Collect Royalties on All Crown and Bridge Done By the 30,000 Dentists of the United States—Many Test Cases Have Been Made.

The dentists of Janesville are up in arms against the attempt of the International Tooth Crown company to collect royalties on all crown and bridge work done by the 30,000 dentists of the United States.

Many test cases have been made in different sections of the country, covering a period of fourteen years, and the end is not yet. The dentists declare it to be a steal, pure, and simple, as the patents on the process in question expired many years ago, and they do not propose to stand for the unjust and unconstitutional action of the Tooth Crown company.

The father of the system of applying tooth crowns was Dr. James Low a dentist, who performed his first operation in 1877. In 1881 he took out certain patents on the process. About the same time Dr. Sheffield devoted himself to the problem, not only of applying crowns to individual teeth, but also to extending the principle to the insertion of artificial teeth between sound teeth, or roots, by what is known as "bridge-work."

To perfect his system Dr. Sheffield purchased from Dr. Low the patents covering his original device. In this way he acquired control over the whole system of operations. Dr. Sheffield's establishment then became a school for dentists who desired to become proficient in the new art of inserting artificial teeth. Within a short time nearly 200 dentists from all parts of the country passed through the school and began to introduce the new operation in their practice.

Gradually the system was adopted almost universally, but without regard to the payment of the royalties charged by the Tooth Crown Company, which were based upon the amount of business done by each dentist in the line. The company, after vain attempting to check infringement on its patents began a test case in 1885 against two dentists named Richmond and Gaylord. The patents were sustained, but during the suit it became apparent that the defendants were backed by practically the whole dental fraternity of the country, represented by the Dental Protective Association, which had been organized in Chicago for the purpose of fighting the patents.

The association later produced witnesses who endeavored to prove that the original Low patents had been anticipated by Dr. Beardmore, who declared that he had applied the tooth crown principle in an operation performed in 1877, prior to the first operation by Dr. Low. In a suit brought against a dentist named Bennett, the Tooth Crown Company was defeated on this testimony.

The whole question has just reopened again but the tooth pullers say they have a clear case and that through their association they will dispose of the matter for all time. "If the company should come out victorious, the chances of which are extremely remote, it would mean an advance to our patients of \$6 per crown," said a local dentist to a Gazette representative this morning.

"But we are not losing much sleep over the matter as the Tooth Crown company have no capital invested and cannot keep the fight up much longer. All they can do is to bulldoze a dentist here and there and get what they can out of him."

SUNDAY SERMON SUBJECTS.

Presbyterian Church—Morning worship at 10:30 o'clock. Sermon by the Rev. Chas. D. Merrill. Union evening service at the Baptist church. Address by the Rev. Chas. D. Merrill, secretary of the Wisconsin Children's Aid society. Young people's meeting at 6:30 p. m. Bible school at 12 noon.

All the handsome patterns in heavy cord piques that have been selling at 15¢ went on sale today at 7½¢ a yard. You can also buy them at this price Monday.

We received yesterday another car load of Very Best patent flour and are selling it at \$1.00 per sack. This flour we guarantee as the best. Sanborn.

WANTED—100 men to work in saw mill and yards at Jeffries Wis. \$26 to \$30 per month and board. One-half fare on all railroads. Apply at No. 4 N. River street.

An excursion train of fourteen coaches from Jefferson Park, Ill., passed through the city over the C. & N. W. road this morning. The train ran in two sections and was enroute to Devils Lake.

Women of the Peace Conference

By JEANETTE DEVOE.

The Part They
Have Played In the Effort
To Rob War of
Its Terrors

If the hopes and prayers of women throughout the world shall be realized and the influence of notable women at The Hague shall be effective, the international peace congress will not have been held in vain.

It is a pretty well established fact that the czar received the inspiration from a woman which led him to issue the rescript requesting the nations to send delegates to a conference looking toward general disarmament and universal peace. That woman was the Baroness Bertha von Suttner, the author of the novel "Lay Down Your Arms."

Just before issuing his famous peace proposal, which then quite startled the nations on account of its unexpected source, the czar had read Baroness von Suttner's book, and it was this that determined him to become the champion of peace. There is one passage in the book, written ten years ago, which in view of the czar's action is prophetic: "If even we may be nearer to barbarism than most people believe, we are perhaps nearer to our ennoblement than most people hope. The prince or statesman is perhaps already alive who is to bring to perfection the exploit which will live in all future history as the most glorious of all exploits—that which will carry universal disarmament."

Not only was the czar of all the Russias moved by the stirring appeal of Baroness von Suttner's "Lay Down Your Arms," but he has been influenced by the czarina in the direction of greater tolerance in the management of the affairs of his own realm as well as a desire to promote international comity.

Baroness von Suttner has been at The Hague during the peace conference and has been accorded the special privilege of admittance to the gallery during the sessions, which are nominally secret.

Other notable women are there as representatives of various peace societies in the United States and Europe, though the baroness is the leader of the unaccredited feminine delegates who are exerting a good influence on the conference. Her spacious apartments at the Grand Central hotel are their headquarters.

Baroness von Suttner has established a salon at the hotel. As she is a woman of worldwide reputation and of the highest social standing in the capitals of Europe, she has attracted to her temporary home and table many of the most influential and distinguished members of the congress.

Political salons conducted by women have not in the past always proved of benefit to humanity, but there is ground for belief that the baroness' receptions will be productive of much good. By bringing together the diplomats in a social way she hopes to remove misunderstandings and smooth over differences of opinion. She holds, too, that they need watching, guidance, good advice and general attention from the outside.

Baroness von Suttner has long been devoting her energies in the direction of international arbitration and general disarmament. Nearly 30 years ago she began to attract attention in the line of thought which has since made her famous. She is a native of Vienna and the daughter of Field Marshal Graf Kinsky, a gallant Austrian soldier.

Another prominent woman who is at The Hague working in the interest of peace is Mme. Margareta Lenora Selenka, the wife of a professor at the Munich university. She is, by the way, a colleague of Professor von Stengel, who, though a member of the conference, is said to be hostile to disarmament.

Early in the conference Mme. Selenka presented to Baron de Staal an album containing hundreds of dispatches

In hundreds of cities in this country mass meetings of women were held, and the propositions for peace and disarmament were strongly indorsed and encouraged.

In England Lady Somerset and Lady Aberdeen have been especially active in securing popular endorsement of the czar's plans, while in France Mme. Camille Flammarion, the wife of the distinguished astronomer, has organized a movement among the women of the

MME. SELENKA.

people in favor of general disarmament, in which the market women have taken an especial interest.

In Germany Fraulein Anita Augsburg, who is a graduate of the law school of the University of Zurich and at the time of her admission the only woman lawyer in Germany, has been working zealously in the propagation of peace sentiment, her recent speech in Berlin on the conference at The Hague arousing intense interest.

If from too little usage the pedals become stiff, a few drops of sewing machine oil will make them sufficiently pliable.

For a duster use an old piece of soft silk and never wash the keys with water, as it yellows the ivory. The keys require a special amount of dusting and should be wiped off once every day if the piano is in use.

If the keys have become discolored from lack of care or from age, they may be whitened by rubbing with lemon juice and, before dry, putting on a little whiting, wet with the lemon juice, which, when dry, may be brushed off with a soft, clean paint brush, being very careful that the mixture does not leak between the keys.

If the keys are so extremely discolored as to require stronger treatment, sulphuric acid and water, equal parts, applied with a brush, and taking care that only the ivory is touched, and removing with cold water and a clean piece of flannel, drying well each key will tend to whiten. This should be done one key at a time.

Miss Anthony Was Arrested.

Miss Anthony's departure for Europe recalls the fact that during her only previous trip abroad Miss Anthony was arrested in Berlin because she mailed a letter in an envelope having printed on the outside, "No taxation without representation," and it took all the efforts of the United States consul and minister to free her. She does not expect a similar experience this time.

MAGNIFICENT LAZINESS.

Achievement of a Tramp Which Holds the Record for Ease.

At about noon yesterday a fat and healthy looking but phenomenally tattered tramp sat furtively dozing on a bench in Lafayette square. The nearby tablet of the geodetic survey announced that he was in exactly latitude 20 degrees, 56 minutes and 59 seconds, and longitude 90 degrees, 4 minutes, and 9 seconds, but the fact disturbed him not. Leaning back luxuriously, he appeared to be bursting from every seam of his dilapidated attire, and as he passed in and out of cat naps he nodded solemnly, like a porcelain mandarin. His legs were crossed and his suspended foot was incased in a shoe from which most of the forward portion of the sole was missing exposing his bare and dirty toes from below. It was held to his foot by a string tied around his instep; in fact, he was literally "on his uppers," a circumstance which evidently bothered him as little as the geodetic tablet. Presently, in one of his waking intervals, he espied a half-smoked cigar stump lying on the pavement, about a yard from the bench. For a moment he surveyed it calmly, dispassionately, almost judicially. Then he executed a remarkable strategic movement. Without stirring the upper portion of his body, he slowly uncrossed his legs, lowered his foot accurately and deliberately over the treasure trove, gripped it in a convulsive clutch of his toes, reversed the motion, raised his foot, carrying with it the stump, crossed his legs, languidly stretched forth his hand and secured the prize. A gouty clubman, who was out for a constitutional, and who had watched the proceeding from another bench, was lost in admiration. "Why, the man is a wonder!" he exclaimed to a friend. "There is something magnificent, almost supernatural, in such laziness as that!" He has elevated it to an art, to a—but hold! it would be a thousand pities if he were disturbed for a match! I must offer him one!" The gouty clubman arose with difficulty, hobbled down the walk, and, drawing a silver match case from his pocket, extended it with a polite bow. The tramp manifested no surprise, but slowly extracted a match and ignited the stump. "Tanks," he murmured, and closed his eyes. "He is superb!" said the clubman when he rejoined his friend. "He is a record-breaker! He is the laziest man in the world!"—New Orleans Times-Democrat.

Heavy Rainstorm in Nebraska.

Queen Victoria, Queen Margherita of Italy, the empress of Russia and Queen Wilhelmina, within whose realm the conference is held, have exerted their potential influence in behalf of the peace plans. When the story of the congress at The Hague shall be written, it will be found that the resultant good will in a measure have been due to the influence of women.

THE CARE OF PIANOS.

How to Keep Your Instrument Looking and Sounding Well.

To begin with, pianos are extremely sensitive to heat, cold and dampness. Therefore great care should be taken, as exposure dulls the beautiful polish and deadens the tone. During the night and when not in use it should remain closed.

Tuning once in three or four months, especially if the piano is new, is quite necessary, and great care should be taken in the selection of a tuner.

The top of the piano should be covered with the usual covering, and no photographs, vases, plants or bric-a-brac of any sort should ever occupy the top, as this greatly injures the tone of the instrument. Do not push it close against the wall or allow it to be placed too near a fire, as extreme heat shrivels the wood and affects the sounding board.

The sound is greatly improved by turning the piano so that the player may sit face toward the room, if the room will allow of this, and if the piano is upright the back may be draped with silk to match the other coverings.

In upright pianos the wood inside sometimes becomes too dry. This is remedied by placing upon the lower shelf, inside the piano, a small dish of water after removing the board just over the pedals.

If from too little usage the pedals become stiff, a few drops of sewing machine oil will make them sufficiently pliable.

For a duster use an old piece of soft silk and never wash the keys with water, as it yellows the ivory. The keys require a special amount of dusting and should be wiped off once every day if the piano is in use.

If the keys have become discolored from lack of care or from age, they may be whitened by rubbing with lemon juice and, before dry, putting on a little whiting, wet with the lemon juice, which, when dry, may be brushed off with a soft, clean paint brush, being very careful that the mixture does not leak between the keys.

If the keys are so extremely discolored as to require stronger treatment, sulphuric acid and water, equal parts, applied with a brush, and taking care that only the ivory is touched, and removing with cold water and a clean piece of flannel, drying well each key will tend to whiten. This should be done one key at a time.

LATE NEWS BY TELEGRAPH..

DESTROYED THREE TOWNS.

Results of Wednesday's Storm in Southern Florida.

LOSS WILL REACH \$1,000,000.

New Buildings Left in Carrabelle, McIntyre or Lanark Inn—Passenger Train Blown from the Track—Aid Will Be Given the Sufferers.

River Junction, Fla., Aug. 5.—The storm that visited this section of Florida Wednesday night annihilated Carrabelle, McIntyre and Lanark Inn, south of here.

At Carrabelle only nine houses remain of a once beautiful and prosperous town. Two hundred families are without homes or shelter, and many are completely destitute. Of McIntyre only two mill boilers mark the place of the town, Lanark Inn, the famous summer resort, was blown into the gulf.

The Carrabelle, Tallahassee and Georgia railroad is washed away for a distance of thirty miles. A passenger train was blown from the track more than 100 yards. Many passengers were injured, but their names are unobtainable. No fatalities are reported from McIntyre or Lanark.

All possible aid will be given the Carrabelle destitute. One million dollars will not cover the loss. The insurance was small.

EXPECTS MONEY LEGISLATION.

H. H. Hanna, Bascom Great Expectations Upon the Next Session of Congress.

Indianapolis, Ind., Aug. 5.—H. H. Hanna, chairman of the executive committee of the monetary convention, has returned from a sojourn in the east, and expressed himself as entirely satisfied with the prospects for financial legislation at the next session. He said:

"The bill agreed upon by the caucus committee of the house at Atlantic City is wisely conservative, and I am sufficiently familiar with the general principles upon which the senate committee is working to express great satisfaction over the outlook for very important gold-standard legislation during the next session of congress. I have excellent ground to believe that the majority in both houses will agree in shaping and enacting a law consistent in a broad and courageous way with the pledge offered the people in the money plank of the St. Louis platform."

Labor Men Win a Victory.

Chicago, Aug. 5.—Labor unions regard the action of Judge Windes in modifying an injunction against strikers as a great victory. It is the first time, they say, they have made any headway in a court when the use of the injunction was invoked against men on a strike. This injunction was granted a few days ago by Judge Haney of the Circuit court against the striking iron molders of Fraser & Chalmers. The order forbade the strikers from persuading the nonunion men to quit. Judge Windes modified this order to the extent of annulling that part of it that prohibited the use of persuasion.

Treaty May Be Defeated.

Washington, Aug. 5.—Information received here is to the effect that the Franco-American treaty is in rather precarious condition, owing to the opposition developed among the French agricultural elements. While the indications are that the French government will be able to secure majorities if an issue be made on the treaty, the unexpected violence of the opposition gives cause for much solicitude among those instrumental in bringing about the arrangement.

Feel Uneasy Over Samoa.

Washington, Aug. 5.—The non-arrival of the Samoan commission is beginning to attract comment in official circles, as it is thought some new complication may have arisen in Samoa to keep the commission there. As the bulk of the natives were disarmed, there is little prospect that they could cause serious disorder, yet in case of renewed trouble between the factions it is believed the commission would wait until quiet had been restored.

To Bring Back Iowa Troops.

Des Moines, Iowa, Aug. 5.—A plan is on foot to bring back the soldiers of the Fifty-first Iowa at the state's expense from San Francisco. A petition has been filed with Gov. Shaw from the Sixth Congressional district asking that this be done. Gov. Shaw said after the petition was filed that he approved the plan heartily, and is willing to carry it out if any legal method can be devised.

Your stomach works

hard every day. Is it strange that it stops occasionally? Don't shock it with some gripping purgative, but use Hostetter's Stomach Bitters, a remedy everybody knows. A dose of the Bitters taken regularly will keep the stomach sweet, the bowels regular, and prevent as well as cure, all disorders of a weak stomach. See that a PRIVATE REVENUE STAMP covers the neck of the bottle.

Beware of Hostetter's Something Stomach Bitters Just As Good!

ALLIANCE STORY IS DENIED.

No Credence Given Report of Combination Against United States.

Washington, Aug. 5.—There is no anxiety among the officials at the state department over the report that the South American republics may form an alliance against the United States.

These rumors are said to be of English, Italian and Spanish origin, and are inspired by the traders of those countries for the purpose of influencing trade. The wish is father to the thought, but the state department has the best assurances of South American friendship and has no fear of an alliance against this country.

An official of the state department whose business it is to keep posted on South American affairs and conditions said concerning this reported alliance: "You can rely upon it there is nothing serious in it. It is the old rumor revived. We had it when President Cleveland sent his Venezuela message to congress, we had it again when the protocol was signed for a suspension of hostilities with Spain, and now we have it because of some fancied supposition that we intend to get hold of Santo Domingo. It is the British, the Italians, the Spanish, and the Germans also, in South America who are raising this cry for commercial purposes. I have read all the South American papers closely, and I cannot find that such sentiments by the South Americans have really any existence among them."

Senator Foraker on Cuba.

Washington, Aug. 5.—Senator Foraker of Ohio does not see any more occasion for keeping troops in Cuba than in Ohio or Illinois. The senator says he has received information from many sources in Cuba that the people are law-abiding and quiet. An army officer writes to him that, judging from newspapers received in Cuba, there has been more need for federal troops in Illinois at Panamá and Virden, or at Cleveland, Ohio, than in Cuba.

Senator Foraker thinks that the administration ought to allow the Cubans to form a government of their own, and then decide whether they care to stand alone or be annexed to the United States. That, he believes, is the only way to settle the Cuban question, and he hopes the administration is preparing to do that very soon, and bring the United States troops home.

Expect to Capture Aguinaldo.

Hotel Chambord, N. Y., Aug. 5.—President McKinley believes the war in the Philippines Islands will be ended before the meeting of congress in December. The capture of Aguinaldo, which the administration thinks would put an immediate stop to the insurrection, is anticipated daily. It is not generally known, but it is a fact nevertheless, that Gen. Otis has a band of native scouts reconnoitering in the enemy's territory, and his reports indicate that he believes the capture of the insurgent chieftain is not a long way off.

Buy Fifty Elevators.

Minneapolis, Minn., Aug. 5.—The Minnesota and Dakota elevators situated along the Northern Pacific, Great Northern and Milwaukee roads, and numbering fifty in all, have been sold to F. H. Peavey & Co. for \$300,000. The property will be turned over at once to the new owners. The elevators have an aggregate capacity of 1,500,000 bushels, which makes the Peavey company's total capacity over 35,000,000.

Danish Lockout Is Over.

Copenhagen, Aug. 5.—The end of the great building trades lockout in Copenhagen is now in sight. This difficulty has kept 40,000 workmen out of employment. The workmen have ratified the compromise agreement of their trades union presidents, and the various employers agreed to abide by the decision of the president of their organization; so it is expected that the men will resume work next week.

Island Not Purchased.

London, Aug. 5.—The Santiago Chile, correspondent of the Times says there is absolutely no foundation for the report of the sale of Wellington island to the United States.

Chaplain Milburn Is Better.

Lincoln, Neb., Aug. 5.—The Rev. W. H. Milburn, the blind chaplain of the senate, who suffered from sunstroke Thursday, passed a fairly comfortable night and is much improved.

WEEKLY REVIEW OF TRADE.

Commercial Reports Show Good Business Conditions.

FEW FAILURES DURING JULY.

Financial Power of This Country Recognized Abroad—Our Industrial Products in Lively Demand Across the Water Market for Wool.

New York, Aug. 5.—R. G. Dun & Co., in their weekly review of trade, say:

"July failures have been smaller than in any month of which there is record, excepting May, and trading failures smaller than in any other month.

"London again recognizes the financial power of this country. The Bank of England virtually admits that it cannot draw from New York the gold it needs; exchange moves to the importing point; over \$1,000,000 starts from Sydney to San Francisco. London's net buying of stocks has been 40,000 shares, and bills against produce to be shipped are very heavy.

"This describes a revolution in finances not unlike that in industries, Europe searching for wool here at 50 cents scoured and for pig iron at \$20 a ton. A vast demand for both material has fallen upon the commercial world, which this country alone appears able to meet for its own needs. Wool shipments from Australia have been surprisingly little below those of last year, but Europe talks of a wool famine, while this country has on hand a year's consumption or more, besides this year's clip, and prices are not yet as high as they were in February of last year, when stocks were many million pounds larger.

"Failure for the week have been 182 in the United States, against 196 last year, and 23 in Canada, against 21 last year."

Bradstreet's says:

"All signs indicate the maintenance of general trade and industry in an unprecedented midsummer volume. Western and northwestern trade advises tell of expanding fall trade. Shipments on fall account from Minneapolis tax the facilities at Chicago. "Wheat (including flour) shipments for the week aggregate 4,711,614 bushels, against 3,866,482 bushels last week, 4,111,812 bushels in the corresponding week of 1898. Since July 1 the exports of wheat aggregate 18,503,906 bushels, against 14,426,122 bushels last year.

"Corn exports for the week aggregate 5,027,706 bushels, against 3,700,320 bushels last week and 2,856,923 bushels in this week a year ago."

Laurier Will Not Come.

Washington, Aug. 5.—F. W. Fitzpatrick of the treasury department, who has just returned from Ottawa, where he went in the interests of the committee having in charge the ceremonies attending the laying of the cornerstone of the new postoffice, to invite the governor-general and cabinet of Canada to be present on that occasion, reports an unenthusiastic reception. Sir Wilfrid Laurier declined the invitation and gave as his reason the strained relations now existing, according to his ideas, between his country and the United States.

Telegraphers Make Demands.

New Haven, Conn., Aug. 5.—Over 500 telegraphers on the Consolidated road have voted to strike if their demands are not complied with. If they strike the telegraphers will be accompanied by brakemen, engineers and firemen and other bodies of the federation, completely crippling the entire Consolidated system.

FACTS ARE STUBBORN

Janesville People Are Not Convinced By Local Testimony They Differ From Other People.

Our readers must have noticed in the past two years how "cures" have multiplied in the newspapers like mushrooms in a meadow, and following the plethora of "cures" the general public have turned remarkably skeptical. Facts are demanded, but it has also become essential to know who supplies them, where are they from, in fine, whom have you cured. Doubting Thomas would not accept a paracurative cure on the other side of the continent. He wants it at Lome. "Give us some neighbor; then I will believe," is what he asks for. Well Doan's Kidney Pills do this. Call it what you like, at home, local or neighbors testimony, you can always ascertain the truth of it without leaving Janesville.

Here is a case:

Mr. John Stetson, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not virulent there existed a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date, and it is some months since, I have not noticed any recurrence of my old trouble."

Doan's Kidney Pills are sold by all dealers. Price, 50cts. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's and take no other.

**ANCIENT
TOWN OF
RENNES.**

Scene of the New Court Martial of Captain Dreyfus.

By Howard Spence Sinclair

Rennes, the scene of the Dreyfus court martial and therefore the setting for the climax of this most sensational episode, is the ancient capital of Brittany and the headquarters of the old French aristocracy.

No other city or town in France could have been selected in which the feeling against the martyr of the Isle du Diable was stronger. In Brittany, more than in any other province of the French republic, religious bigotry and fanatic anti-Semitism prevail. But at Rennes is the artillery school from which Dreyfus was graduated, and in the city is also located a court of justice, so there was at least a possible excuse for holding the court martial there.

Rennes is divided by the river Vilaine into two parts, the high and low town. The high town is distinctly ancient and aristocratic. The low town is a medley of ancient and modern France and a mixture of the aristocratic and the plebeian.

In the old as well as in the new quarters of the town the streets are lined by stately mansions, with huge portes cochères and immense windows, such as one seen in the aristocratic Foubourg St. Germain at Paris. It is at Rennes that the territorial nobility from all the surrounding countries establish themselves for the winter season after having spent the summer and autumn at their country seats and châteaux. The whole city bears an intensely dignified and stately aspect, and there is nothing to suggest that frivolity which one is accustomed to associate with the French character.

The mixture of the old and the new at Rennes is due to the fact that during the last century two-thirds of the city

THE TOWN OF RENNES, FRANCE, was destroyed by fire. The older portion is very old, the cathedral, for instance, having been commenced as far back as in the twelfth century. King Henry II of England presided over meetings of the English parliament at Rennes, and it was around Rennes, too, that the French hero Bertrand du Guesclin routed the English and performed some of his greatest acts of valor.

The celebrated Mme. de Sevigne made it for a time her home and from which she dated many of her famous letters. Up to the great revolution, 100 years ago, Brittany, as a more or less independent duchy, enjoyed a certain degree of autonomy and had a parliament of its own, which sat at Rennes.

The palace formerly occupied by the Brittany parliament was the one selected for the holding of the Dreyfus court martial. It is a rather grand and pompous edifice, designed in the reign of King Louis XIII by the architect Debrasses, and which in its aspect recalls to mind the Pitti palace at Florence. It is adorned, Italian fashion, with pilasters and colonnades, as well as with statues of Breton lawyers and judges, while the roof is decorated with balaustres and all sorts of fanciful gargoyle and waterspouts of most fantastic design. Nowadays it is occupied as the palace of justice.

The city stands on a sort of angle formed by the confluence of the rivers Vilaine and Ille, and, especially at this time of the year, thanks to the grand old trees that line its streets in every direction, forming a species of verdant settings for the various buildings, looks exceedingly picturesque.

Brittany, and the southwest of France as well, may be regarded as the portion of France where the French aristocracy has remained perfectly pure, as far as strain and ancestry are concerned. In the first place, its members have far too much family pride to permit them to contract matrimonial alliances with newly rich or Hebrew families for the sake of mere wealth, preferring honorable poverty to money thus obtained, and they look upon a mesalliance as a stain upon their escutcheons.

At Rennes a poor man of good character and unblemished ancestry is a far more important personage and infinitely more welcome in every salon than a millionaire.

Of course, there is a shadow to this picture. The Breton and southern French noble is exceedingly narrow-minded, frightfully bigoted in matters of religion, a hundred years behind the ideas of the present day in politics and appallingly obstinate. With all that, he is very chivalrous, the soul of honor and of courage, and, to my mind, the finest specimen of a Frenchman that it is possible to find.

WOMEN SUFFERING

from any form of Female Trouble, write to a physician who is a specialist and who practices medicine. Describe your case fully in a letter to **GEO. C. TALLERDAY**, M. D., Bellvidere, Ills., and he will send you free advice and directions which will bring about a complete cure. All correspondence is confidential.

Dr. Tallerday's Female Tonic
goes right to the seat of the trouble in all cases of uterine affections—Leucorrhœa, Suppressed Profuse and painful Menstruation, etc. It is the best tonic for nursing mothers and at change of life, and the greatest of Spring modicures. For Sale by all Druggists at \$1.00 a Bottle.

C. A. SANBORN & CO.

Buggy Tastes are Changing

The monotonous style of vehicle of a few
years ago does not find place with the
up-to-date buyer of today.

The demand for rigs of natty appearance increases each season. This year the swell runabouts combine comfort with style. The open runabout buggy with elliptic springs and rubber tires, or the top buggies with rubber tires, have a tendency to make the person who has no outfit a trifle envious. Handsome Buggies do not cost as much as you think for. Prices are reasonable and the rigs are the best.

F. A. TAYLOR & CO.

Handsome Rugs

Made from worn Ingrain or Brussels Carpets
any size desired. Write to Baraboo Towel
Mills "rug department" for circulars. Only
first-class work turned out. Baraboo Towel
Mills, Baraboo, Wisconsin.

DR. DAVID'S Foot and Arm Pit Powder.

A LITTLE SKAFFIN IN THE SHOE GIVES INSTANT RELIEF
in cases of Swelling, Itching, Scratching, Foul and Aching Feet
in Shoes and stockings, all sorts of odors of the feet. It
is Anti-septic. Fleshy people will find this powder especially effective in sooty chafing
actions. Keeps feet dry the year 'round, preventing colds and insuring health.
Gives instant relief to babies suffering from Rash or Chafing. Druggists at 25c per box.

PUTNAM'S
